### A NEW DIRECTORY

I am proud to introduce the first edition of the Ontario Government Directory of Accommodation for Senior Citizens.

As you will see, it includes a wide range of choices in accommodation for seniors who wish to make a change or who are unable to remain in their own homes.

In the latter case all avenues of alternative in-home support and home care services, as well as day care, should be considered first. Some of these are offered by facilities listed in this Directory. Accommodation and services are covered by several provincial statutes, municipal by-laws and professional codes.

This Directory will assist in the work of community information services, agencies dealing with the elderly, the clergy, lawyers, hospital discharge planning departments, social workers, public health nurses, and as a reference document for libraries. Family members, friends and, above all, aging persons themselves can use this in wise planning for possible future relocation.

Deciding that a change in lifestyle is necessary can be difficult; being able to access up-to-date information on which to base that decision, should be easy. This Directory will facilitate the process of finding a suitable new place to live.

At the back of the Directory there is a detachable information/order sheet which I hope you will use

to inform us of changes or additions. Also please let us know if you wish to receive regular updates.

On behalf of my Cabinet colleagues in several ministries, I invite your comments and co-operation to ensure that the next edition is even more comprehensive and helpful.

A handwritten signature in cursive script, reading "Gordon H. Dean". The signature is written in dark ink and is positioned above the printed name.

Gordon H. Dean  
Provincial Secretary for Social Development

# Introduction

Three major Provincial Ministries relate to most of the facilities listed in this Seniors Accommodation Directory:

- Community and Social Services
- Health
- Municipal Affairs and Housing

A number have area, district or regional offices which will be listed in the *blue pages* of your telephone directory.

The *blue pages* also list local offices of federal and municipal government departments.

For general enquiries about programs for seniors in Ontario, contact:

## Illustrations/Photo Credits

Front cover: St. Anne's Tower, Dufferin Street, Toronto. Sponsored by an Anglican Church, this is a nonsectarian apartment home typical of some of the more modern facilities available for seniors. Others are pictured throughout the Directory.

There are also several older buildings which have been well renovated for use as accommodation for seniors. One which has closed (Fairhaven House) provided a very home-like atmosphere, and was featured in a 1982 C.B.C. drama, *All The Days of My Life*. Other examples of refurbished older dwellings are Forest Hill and St. George Manors in Toronto, (operated by Leisure World Health Care Centres), St. Thomas' House, Madison Avenue, Toronto (operated by an Anglican Church Board), and the Preston School Apartments, Cambridge (shown elsewhere in this Directory), operated by the Fairview Mennonite Corporation. A remarkable architectural renovation of an 1848 building is the Rotary-Laughlen Centre, Elm Street, Toronto.

### A Preface

St. Mary's of the Lake Hospital, Kingston. A key geriatric day hospital. Activities in Physio and Occupational Therapy are featured. The therapeutic swimming pool serves seniors and handicapped persons in Kingston-Frontenac. The therapy program is linked to that of Providence Manor in Kingston.

### B Definitions

Preston School Apartments, linked to Fairview Mennonite Home, Apartments and Elderly Persons Centre, Cambridge. Some of the present day senior tenants attended elementary school in this building, now thoroughly modernized. Photographs show Fairview residents with their corn husk flowers; a mobile tuck shop cart made by a resident for the Auxiliary; and intergenerational programs.

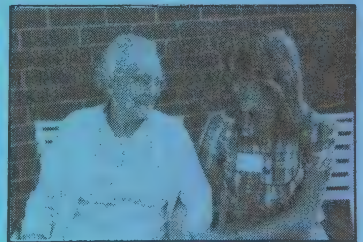

### C Geographic Areas

The Regional Municipality of Niagara has a well earned reputation for innovative programming in five Regional Homes. Featured here are Sunset Haven, Welland, with its therapeutic park, including pets, and Dorchester Manor, Niagara Falls. Day Care for seniors and children are among many activities keeping Homes in close contact with the community.

- D**      Index of  
Accommodation  
by Municipality      Oakville Senior Citizens Residence. The first joint project by the Ministry of Municipal Affairs and Housing (Ontario Housing Corporation) and the Ministry of Community and Social Services. With a decade of service, the Residence is a strong focal point for activities in Oakville and Regional Halton. During the summer months, outdoor barbecues are popular in many Homes and Centres.
- E**      Index of  
Accommodation  
by Name      Chelsea Park Oxford, London, is a privately operated facility (Diversicare Corporation), with a full range of quality care services in a modern setting. Also featured are activities at Central Park Lodge, Spadina Road, Toronto, during a gala reception to launch a new book by the residents entitled *The Past is Precious*. The guest of honour was the Right Honourable Roland Michener.
- F**      Statistics/  
References      Residence Saint-Louis, Gloucester, a franco-ontarian Home which changed its name (from St. Charles) and location (downtown Ottawa) some years ago. It is a vibrant centre of cultural and community events year-round, serving a wide area but especially municipalities east of Ottawa-Carleton and neighbouring Orleans.
- G**      Owner's Local  
Information      Holland Christian Homes, Brampton. A community achievement with a strong emphasis on personal care. Featured are the Trinity and Hope Towers, a couple in Faith Manor Nursing Home, activities in the Ebenezer Centre, and one of the many residents and Board Members who proudly maintain the landscaped surroundings.

# Definitions

## DEFINITIONS

D.C.	DAY CARE	A support program in a supervised setting for frail older persons who require care during the day, either because they live alone or because family members work. There are also a number of GERIATRIC DAY HOSPITALS which provide health services. The range of care services in any particular centre depends on the policies of the sponsoring facility.
E.P.C.	ELDERLY PERSONS CENTRES	An organized program in a facility approved under the <u>Elderly Persons Centres Act</u> . Centres may provide a wide variety of social, recreational, nutritional and health promotion programs, educational and other services to older persons. While Elderly Persons Centres do not provide accommodation, many are linked to facilities which do and/or have up-to-date information on available facilities and services in their area.
H.S.C.	HOMES FOR SPECIAL CARE	Designated under the Homes for Special Care Act as community residential homes for individuals discharged from psychiatric and mental retardation centres.
H.F.A.	HOMES FOR THE AGED	Operated by municipalities and corporations (religious, ethnic, service club), under the <u>Homes for the Aged and Rest Homes Act</u> and the <u>Charitable Institutions Act</u> . Residential and Extended Care Services are available on approval from the Minister of Community and Social Services. All Homes maintain admission policies and guidelines on services.
H.A.	HOUSING AUTHORITY	The Minister of Municipal Affairs and Housing (through the Ontario Housing Corporation) has established 61 local housing authorities throughout Ontario. They manage rent geared to income accommodation, in self-contained bachelors and one-bedroom apartments. They also establish guidelines for such projects including the determination of eligibility for admission and rental rates.

S. APTS. SENIORS  
APARTMENTS

These are also rent geared to income developments by religious, ethnic, Legion or other co-operative groups. The Ministry of Municipal Affairs and Housing may provide subsidies for these projects as well as to seniors in apartments in certain private units. In some instances, there may also be a care component through the Ministry of Community and Social Services. In most of the projects, capital and operating funds are provided by Canada Mortgage and Housing Corporation under the National Housing Act as well as by the Province of Ontario, local governments, and private corporations.

(M.T.H.C.)

(For the Municipality of Metropolitan Toronto, the designation M.T.H.C. indicates a complementary operation by Metro Toronto's Housing Company).

---

N.H. NURSING  
HOMES

Licensed by the Minister of Health under the Nursing Homes Act. Most residents are eligible under the Extended Care Program.

---

R.H. RETIREMENT/  
REST HOMES

Covers a wide variety of facilities from large scale developments (200 or more units) to small group homes. Most are privately owned and operated. A number of residents are assisted in (a) satellite homes under the Homes for the Aged and Rest Homes Act or (b) in hostel-like accommodation under the General Welfare Assistance Act. Both fully independent persons as well as those requiring some care may be admitted.

---

LEVELS OF CARE

In Nursing Homes and Homes for the Aged, two types of care are recognized:

RESIDENTIAL CARE

required by a person who is ambulant or independently mobile.

EXTENDED CARE

1½ hours or more of nursing care a day required by a person with a relatively stabilized chronic condition.

## COSTS

In most facilities in this Directory, senior residents and tenants are assessed according to their ability to pay. Thereafter, assistance may be provided under some of the legislation listed above. In the case of Extended Care in Nursing Homes and Homes for the Aged, the basic co-payment is determined by the Ministries of Health and Community and Social Services, with certain additional charges governed by regulations.

---

## ADMISSION POLICIES

Every authority, board, and corporation is able to determine individual policies for persons entering the facility as well as for relocation - in conformity with any governing legislation.

---

No single set of definitions or descriptions of the services available can be complete. Those in this Directory have been provided for purposes of convenience only. Where one requires accurate references, refer to the official statutes or particular Ministry guidelines.

Not all of the following Acts need ever concern any senior or family member. However, many of these selected public statutes may affect the owning corporations, lands and premises, the residents and tenants, and the staffs of the facilities. There are additional regulations, by-laws and policies which may relate to a group of facilities or to a specific setting.
